ABOUT WEB SAFE COLORS

There are still a lot of web developers that like to design with a simple palette - the hex values are easy to memorize and the palette is still large enough for typical stuff like link colors and borders. This site was created for those who like to keep things simple.

Headings are set in Bebas Neue served by Font Squirrel, text is set in Source Sans Pro by Adobe. CSS by Sass, compiled by CodeKit. Hosting is 300% wind powered by GreenGeeks.

DEVELOPED BY

DENIS LEBLANC

Minimalist web designer + developer from Nelson BC, specializing in responsive WordPress theme development. Follow me on Twitter @studiosnapsize or Dribbble @DenisLeblanc.

OTHER PROJECTS

My library of personal projects is always growing. Here's a list of current projects if you want to check out what else I've been doing as a means to cope with everyday stress of client work: Brixx Letterpress, CSS Font Stack, Hex Color Tool, Minimal WP Themes, Responsive GS, The Design Grid.
